ARE ANXIOUS TO FIGHT FOR CUBA

The Junta Besieged by Able-Bodied Vol-

Many Are Willing to Act as Nurses Without Pay .- The Majority Bear Marks of Refinement -- Applications Are Rejected -- General Fitzhugh Lee Talks of His Mission.

New York, Dec. 14.—The Cuban Junta had more callers today than on any one day since its estal-lishment. Strong limbed Americans, to the number of between seven and eight hundred tramped up stairs and asked that they be enlisted in the army of Cuba libre. Not one of them was accepted. The laws of the United States prohibit the enlistment of men here for foreign armies. The men who want to fight for the cause for which Maceo died, have been so numerous lately that the Cubeen so numerous lately that the Cu-ban leaders here issue to applicants by letter a printed form declining the ser-vices of the sympathizers. Delegate Palma received a score of telegrams today from Jacksonville, Key West, Tampa, Dallas, Texas; Paris, France; Hayti and different points in Mexico stating that meetings were being held for the discussion of the Cuban ques-tion and asking for intelligence retion and asking for intelligence re-garding Maceo's alleged death.

A petition urging congress to take some definite action in the conflict now being waged in Cuba and expressing sympathy for the Cubans, is now being circulated in this city among mer-chants and business men, and is re-

chants and business men, and is receiving many signatures.
Cleveland, O., Dec. 14.—All morning a stream of men poured into the rooms of A. De Arango, the local Cuban leader and voluntered to Join the Cuban army. It is estimated that there was 150 of them, a large proportion well dressed men of good education and apparent good circumstances. They were told that no more men were needed.

Eleven women individually offered to go as nurses. They said they did not want pay, but that it was their duty to nurse the sick and wounded. The majority bore marks of refinement and some had evidences of wealth. They were advised to write to the Junta in New York.

GENERAL LEE'S MISSION. New York, Dec. 14.-General Fitzhugh New York, Dec. 14. General Fundamental Lee, consul general to Cuba, arrived here today accompanied by his wife and daughter. They will leave for Cuba Thursday. The consul general has been for several weeks in and about Washington consulting with the presi-dent and state department officials. "I have no special mission in Hav-

"I have no special mission in Hav-ana" General Lee said, when asked about affairs in Cuba. "I shall merely take up the threads of my consular duties where I dropped them. I have received no word from Washington since I left there and shall not commu-"icate with the president again.
"I know nothing of the truth or fal-

sity of the reports of Maceo's death. Vice Consul Springer, now in Havana, has doubtless investigated the matter. as it is his duty to do. He will report to the president.

'I am unable to say whether the war will be shortened by Maceo's death, if true. In fact, I am in a position where I can say nothing. Everything I say is repeated in Havana papers, and I not want to make my connection with the palace strained. That would interfere with my opportunities to aid Americans in Cuba. AN ARMY AT ST. LOUIS.

St. Louis, Mo., Dec. 14.-Volunteers for the relief of the Cuban insurgents are being mobilized in this city and next Friday, if all plans are carried out successfully, 1,000 men will leave New Orleans for Cuba. Two hundred of these are from St. Louis and the re-mainder come from East St. Louis and points south of here on the lines of the Illinois Central and Iron Mountain railroads. Julius Van Gerst, of New Orleans, will be in charge of the expe-dition with W. C. Carthner, J. L. Goodneer and Cornelius Knott, of this city as aides. The quartette met here today and completed arrangements. Van Gerst and Knott will leave this evening on the Illinois Central, picking up the men on that road as far south as Cairo, and perhaps Memphis and will then proceed via steamboat to New Orleans. Columbus, O., Dec. 14.—The evening press in a guarded editorial, urges soldiers in the United States army here who may be discharged and others of military training, to join the Cuban insurgents' movement. It also suggests that a fund in aid of the Cubans be raised here and says that one subscription of \$100 has already been offered for this cause.

SENTIMENT IN TEXAS.

Dallas, Tex., Dec. 14.—The Cuban sit-uation is the main subject of consid-eration in this section of Texas and public sentiment is in favor of the pa-triots. Two secret meetings were held here today. It is known that enlist-ments are secretly being made. Tonight ments are secretly being made. Tonight the first departure of men from North Texas under recent recruiting was Three recruits, divided in three

ties, took rail transportation by differ-ent routs for the Gulf coast, where they will be furnished means for reaching

WILL RESERVE NEUTRALITY.

The Government Officials Are Anxions Over Cuban Developments.

Washington, Dec. 14.-The feeling that has been aroused throughout the try by the reported assassination of General Maceo, the Cuban insurgent, is causing the government officials here no little anxiety and they are watching developments closely. One thing that can be positively asserted is that the United States will exhaust all efforts to preserve its neutrality engage-ments and thus stop any claim for

damages by Spain on account of vio-lation of neutrality laws.

It is with this object in view, that the war vessels Newark and Raleigh left Key West today. They have gone to sea to intercept if possible the Three Friends, which is reported to have left Fernandina bound, it is alleged, on a filibustering expedition.

MURDERED BY HIS SON.

Terrible Fate of Antonio Joroio -- A

Crazed Family. South Vineland, N. J., Dec. 14.—A horrible tragedy occurred near this usually quiet hamlet today. Antonio Jorolo, aged 65 years, was brutally murdered by his son, Tony. The Jorolo family was composed of old man Jorolo and four sons, Antonio, Nicholas, Louis and Charles. Three weeks ago Nicholas died and since that time the family has been acting very strangely. About two weeks ago the two younger sons were arrested and sent to jail for .

disturbing the peace by continually praying around the Catholic churches. Their time having expired, they were liberated on Saturday last and returned to their home, where they brutally attacked their father and drove him away from the house. He returned today, and upon entering the house was thrown into the cellar, where he was again attacked by his three sons. He managed to break from his captors and fled across the fields, closely nursued by Antonio, who overclosely pursued by Antonio, who over-took him about one hundred yards from the house and hit him over the head with a cord wood stick, felling him to the ground and killing him in-

stantly.

The only cause for the crime is that Antonio, being crazed with grief over the loss of his brother, committed the horrible murder as a sacrifice, as he claimed such a sacrifice would restore the lost relative. He admits to the killing. An inquest will be held on the old man's body tomorrow.

MACEO'S COMPANIONS.

Part of the General's Staff Was Re-

cruited in New York. New York, Dec. 14.—The Cuban Junta has not received yet from their southern agents or from Havana the com-plete list of the names of those of Genplete list of the names of those of General Maceo's staff who were killed with their chief. Neither have they any record of the Americans who are supposed to have been with the insurgent general. Some of the gallant little band that fell with Maceo are supposed to have been from California, but the Junta cannot confirm that supposition.

One thing is certain, a part of the staff which consisted of sixteen men, were recruited in this city.

CUBAN LEAGUE FORMED

Representative Americans Effect an Organization-Colonel Ethan Allen is Elected President.

New York, Dec. 14.—The Cuban League of the United States was for-mally organized in this city this evening, the men behind this movement being so well known and carry so much weight that it is beyond a doubt that weight that it is beyond a doubt that it is the beginning of a movement that will take no small part in the history of both countries, having as it does the complete independence of Cuba from Spain for its principle object.

A league under the same name exist-

ed during the ten years war and was the nucclus in this country about which aid for Cuba centered. Many of the members of the league were among those who met at the Fifth Avenue hotel this evening to inaugurate the movement which has for its aim the independence of Cuba. The meeting or-ganized with Colonel Ethan Allen as president, and the following vice presidents: Charles A. Dana, ex-Governor Roswell P. Flower, ex-Postmaster Thomas L. James, Chauncey M. Depew, John R. Dos Passos, Theodore Roose-velt, ex-Mayor Thomas F. Gilroy, George Hoadley, J. Edward Simmons

and C. H. Dennison.

Francis Wayland Glenn was elected secretary; Darwin Jones, treasurer, and the executive committee was made up as follows: John Jacob Astor, Paul Dana, General Daniel Butterworth, Colonel Fred D. Grant, Walter Logan, Edwin Wardman, John C. McGuire, R. C. Alexander, Constant A. Andrews, Frank B. Carpenter, John D. Keiley and Thomas E. Stewart.

In opening the meeting Colonel Allen read this call: We, the undersigned citizens of this Republic, anxious for the success of all people, for the civil and political liberty which this nation secured more than a century ago and still enjoys, unite in organizing the Cuban League of the United States of America.

the Cuban League of the United States of America.
The object of this league is to secure for Cuba by all awful, peaceful and honorable means, the political independence which her patriots are now endeavoring by tremendous sacrifice of treasure and life to gain, to encourage them with our sympathy and moral support and to arouse the whole nation to demand an end of the campaign of murder and destruction in that island.

campaign of murder and state that island.

Mindful of the help which our fathers received in a similar struggle we are constrained by a sense of gratitude to return to Cuba the kindness which was so ef-

to Cuba the kindness which was so effectively given to us.
It is apparent to all thoughtful observers that Spain has not the power to crush the Cuban patriots and therefore the continuance of the cruel struggle in Cuba can only serve to prolong a sense of abasement and humiliation in the minds of all men who are conficient that this republic has the power to end it, and is in honor called upon to do so for the highest good of all parties directly concerned. This call was signed by all of the

men above named. Other prominent signatures were attached to the call numbering about 75 in all.

In assuming the presidency, Colonel Allen called particular attention to the heroic struggle the Cubans had made against their mother country and he added that now the Spaniards had departed from the path of honorable war and had become murderers and assas-sins if the reports of General Maceo's

possible death was true.

Colonel Allen predicted that the movement thus started would become

MEETING OF THE LABOR AGITATORS

The American Federation in Session at Cincinnati.

AN ADDRESS BY PRESIDENT GOMPERS

The Industrial Revival flas Not Been Up to His Expectations -- Desires Co-operation of Fair Minded Men and Women to Demand the Enforcement of the Eight Hour Work

Cincinnati, O., Dec. 14.—The sixteenth annual convention of the American Federation of Labor assembled at Old Fellows' temple at 10 o'clock this morn-ing. It is the largest in number and most important meeting ever held by the Federation. One hundred and twenty-five delegates, some of them from Europe, are in attendance.

The convention was called to order by President Samuel Gompers. Fred Bazely, president of the Cincinnati Central Labor council, welcomed the delegates on behalf of the local com-mittee and E. J. Denny, of the Iron Mouthers' union on behalf of Cincin. Moulders' union, on behalf of Cincin-

Mayor Caldwell delivered an address of welcome, which was responded to by President Gompers. The temporary organization was then effected and the convention proceeded with the business before it. Opposition to the re-election of President Gompers and Secretary McGraith developed this morning. The candidacy of Harry Lloyd, of Boston, member of the Carpenters Internation-al union, for president, was announced. Frank Morrison, of Chicago, delegate from the international Typographical union, is an active candidate for secre-tary. He is doing considerable work, and this morning it was stated that he would start off with two-thirds of the 23 votes of his craft, although Presi-dent Prescott, of the International Ty-pographical union, is said to be in fa-vor of the re-election of McGraith.

PRESIDENT'S ADDRESS. President Gompers delivered his annual address. He said in part:

In the matter of our amendment to the Shour law, we have had many manifestations of opposition from quarters which should have favored it. I would recommend that the convention decide that representation of this federation stanily at the second congress to guart and further the legislation which our erganizations demand in the interest of labor. While industry and commerce have just about emerged from the panks of 1835, the changes or improvements have been very meagre. There has not been that industrial revival looked for and hoped for, and which we had a right to anticipate after the crisis through which we have passed. MR. M'KINLEY'S CALLERS.

The President-Elect Has Little Time for Reflection These Days.

Canton, Ohio, Dec. 14.—When Major McKinley came into his study this morning he found it crowded with call-ers. The president-elect has very little time to himself these days, Events have occurred which have caused Major McKinley to alter his frequently expressed desire not to leave Canton and his present purpose is to depart for Chicago on Thursday or Friday evening next. Major Mc-Kinley wants to go to Chicago for two reasons, first, to accompany his wife back to Canton; second, to get a few days of rest and change of air and

work of the caucus committee, of which

is chairman, Senator Wolcott this afternoon said: "The Republican senate caucus committee to report legislation in further-ance of an internationi bimetallic conference, had a full meeting today and the question was discussed at some length. The subject was chiefly considered with a view to securing the widest possible latitude to a commis-sion and so framing legislation that the incoming president would be at liberty to act immediately upon his inauguration, and without waiting for further

legislative action.
